MATH & SCIENCE NIGHT VOLUNTEERS NEEDED

Math and Science night will be Thursday, January 29th from 5:30-7:30 pm (see next page for details). The night consists of about 12-14 science & math experiments and activities. These activities have complete instructions and explanations. We need about 2 volunteers at each activity. We divide the families up to help with crowds (last name A-M at 5:30 and N-Z at 6:30). If one time works better for you to come that's fine.

We need volunteers to help run the stations. We have two sessions 5-6:30 and 6:30-7:45. The extra 15 minutes is for help setting up and cleaning up. We also need people at the door to greet families as they come in and record their information and answer basic questions.

If you can help please contact Rachel Forsyth, rachfor@gmail.com, (248) 320-2580

VOLUNTEERS NEEDED FOR HOMELESS ASSISTANCE

The City of Royal Oak is working in conjunction with the Oakland County Alliance For Housing to conduct a count of homeless individuals on Wednesday, Jan. 28, 2015.

Volunteers will meet at the Royal Oak Farmers' Market at 7 p.m. Coordinators will provide teams of volunteers with maps of target locations throughout south Oakland County. These are target areas of known homeless gathering places. A team of volunteers (group of 3 - 4 volunteers) will disperse, in their own vehicles, from the Farmers' Market to locate homeless individuals in the designated target areas. Volunteers will provide homeless individuals with a basic care package (box of socks, hats, gloves, hygiene kit, food, & water) and note their findings.

Volunteers will then return to the Farmers' Market to submit their findings. Free parking, rest rooms, water, coffee, and snacks will be provided to all volunteers at the Royal Oak Farmer's Market.

If you are interested in joining the Oak Ridge team, contact Angela Almas at angelat104@aol.com.
